## **Circuit of The Americas' statement on track rental program**

**AUSTIN, Texas (Dec. 22, 2012)** – Circuit of The Americas™ today set the record straight on the venue's track rental program and responded to questions raised in social media forums about the program's future direction.

"Circuit of The Americas currently offers a track rental program for organizations and clubs and private individuals that provides automotive enthusiasts with a world-class experience at the United States' only purpose-built Formula 1™ facility," Circuit spokesperson Julie Loignon said. "We have had inquiries and discussions with a number of organizations that are interested in renting our facility, and we've determined that we will not be able to work with all of them in the coming year. We have contacted organizations that did not have fully executed rental agreements to inform them of our decision. We regret not being able to assist them with a track rental in 2013 and hope there are other ways we can accommodate their interest in Circuit of The Americas in the future."
